

2024 Annual Performance Analysis

Prepared for Executive Leadership Team | January 2025

Executive Summary: 2024 Performance Review

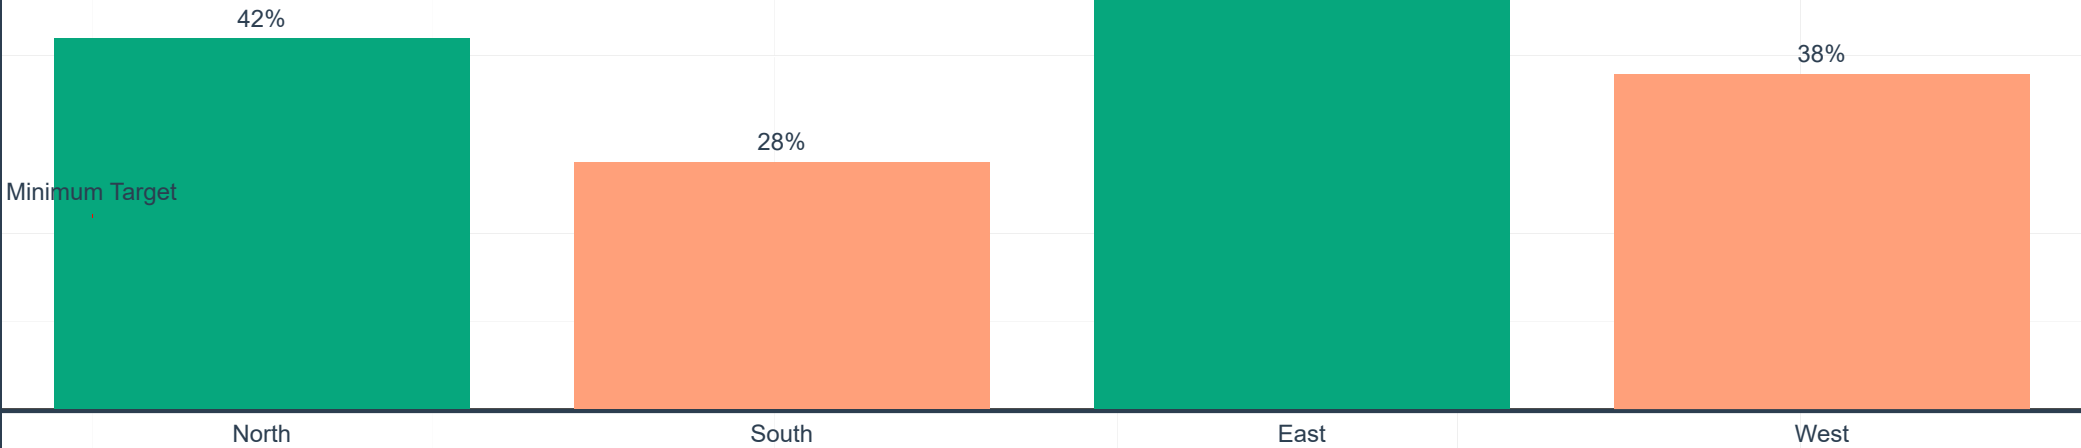

Our analysis reveals strong growth in 2024 with revenue increasing 45% YoY. Regional performance shows East region leading growth at 52%, while South lags at 28%. Customer satisfaction remained consistently above 4.5/5 despite rapid scaling. Recommendations: Invest in South region training, maintain quality focus during growth.

1. Revenue Shows Strong Growth Throughout 2024

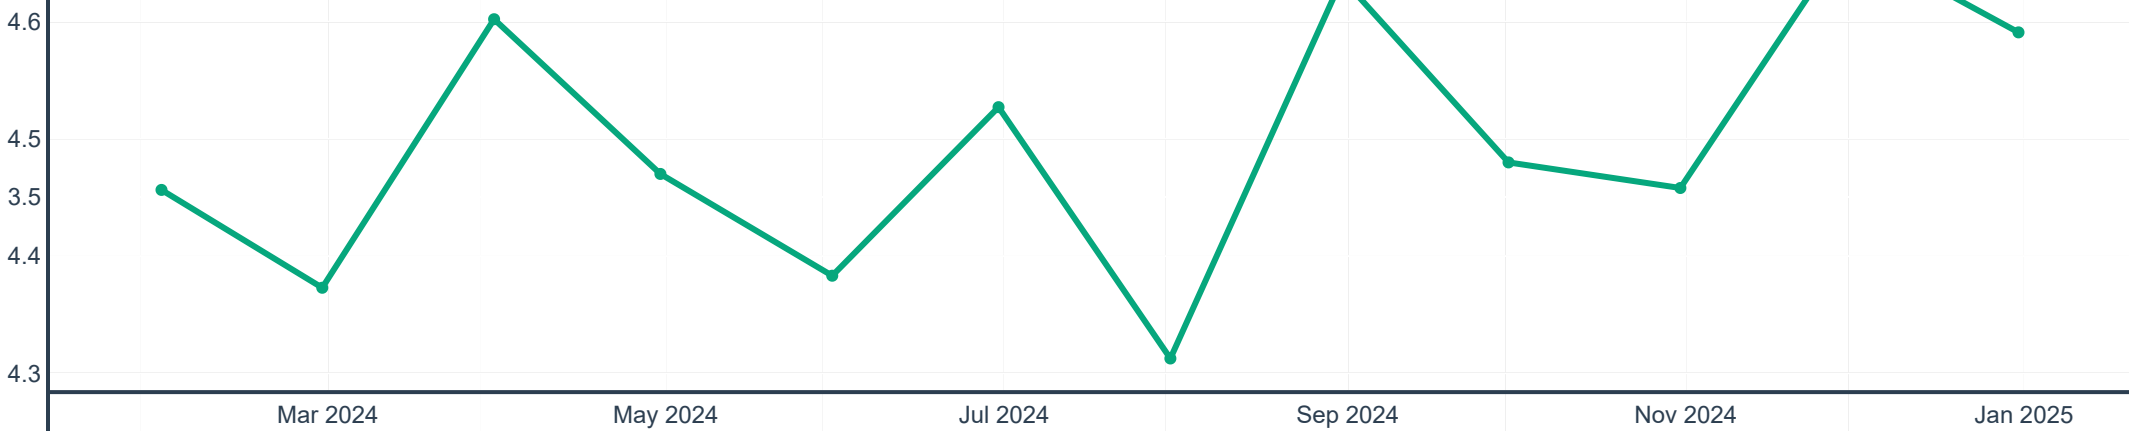

Q3 surge due to
new product launch

2. Regional Performance Varies Significantly

3. Customer Satisfaction Remains High Despite Growth

Strategic Recommendations

- South Region: Deploy best practices from East region, provide additional training
- Scaling: Maintain quality controls as customer base grows, hire support staff
- Products: Capitalize on Q3 success, plan Q2 2025 launch
- Investment: Allocate additional budget to high-growth regions
